- 28: Overnight rain heavy at times ended by 11am 1.15" fell by then. Some sleet mixed in near the end. Afternoon snow flurries. Strong W winds gusting to 30 mph.
- 30: Partly sunny becoming mostly cloudy. PM rain 5pm-midnight mostly light .20" fell.

SUMMARY:

November was a bit milder and wetter than normal. The second half of the month was most active with frequent rain events and a bit of mixed precipitation and lots of fog and wind. The first week was the warmest, with moderate temperatures the rest of the month and few extremes.
